ABSTRACT

The result of efforts by the International Institute for Adult Literacy Methods (Iran) to distribute books and scientific information related to adult literacy, this quarterly publication lists books and other printed material in the fields of education and social sciences received by the institute's library from January 1982 through September 1983. Divided into books and periodicals, the materials cited cover a wide range of countries and languages, and such topics as mass media, literacy, adult learning, sociology, social problems, vocational education, and communication. In the Name of God
the Merciful, the Compassionate

With the blessings of God, the International Institute for Adult Literacy Methods has restarted its activities. After the victory of the Islamic Revolution and having been inspired by the values of the Islamic Republic, the institute began its work in 1980. The Institute placed special importance upon expanding the two activities of its library service and its documentation center. These activities include the distribution of books and scientific information related to adult literacy.

Now, we present the first result of our activities in this quarterly publication. This issue contains a list of books and other printed materials in the fields of education and social sciences received by the Institute's library from early 1982 until September 1983.

With a possible increase in the Institute's subscriptions, it is our hope that sections devoted to literacy, adult education, rural areas and village people, the elderly, the maimed, women, and war refugees will be included in the future issues.

AU NOM DE DIEU

Grâce à Dieu Misericordieux qui nous a mis en pouvoir de reprendre, après la révolution islamique, les activités de l'Institut International pour des Méthodes d'Alphabétisation des Adultes. Dès la reprise de ses activités en 1980, l'Institut, inspiré des valeurs islamiques qui dominent notre société d'aujourd'hui, avait accordé une importance particulière à l'enrichissement de sa bibliothèque et son centre de documentation. Notre but est de pouvoir disposer et mettre à la portée du public un ensemble riche de document scientifiques concernant l'alphabétisation des adultes.

La périodique trimestrielle, dont le volume présent constitue le premier numéro, est le fruit de cette tâche. Il contient la liste des livres et revues, dans le domaine des sciences sociales, que l'Institut a reçu entre de début de 1980 et la fin septembre 1983. Notre espoir est de consacrer les volumes futurs, aux sections spéciales comme l'éducation des adultes, les problèmes des populations rurales, des femmes, des personnes agés, des émigrés et invalides de guerre et des familles sans chef.
